(a) The statements required shall be prepared in compliance with the applicable requirements of this regulation.

(b) If the registrant is engaged primarily (1) in the generation, transmission or distribution of electricity, the manufacture, mixing, transmission or distribution of gas, the supplying or distribution of water, or the furnishing of telephone or telegraph service; or (2) in holding securities of companies engaged in such businesses, it may at its option include statements of income and cash flows (which may be unaudited) for the twelve-month period ending on the date of the most recent balance sheet being filed, in lieu of the statements of income and cash flows for the interim periods specified.

(d) Any unaudited interim financial statements furnished shall reflect all adjustments which are, in the opinion of management, necessary to a fair statement of the results for the interim periods presented. A statement to that effect shall be included. Such adjustments shall include, for example, appropriate estimated provisions for bonus and profit sharing arrangements normally determined or settled at year-end. If all such adjustments are of a normal recurring nature, a statement to that effect shall be made; otherwise, there shall be furnished information describing in appropriate detail the nature and amount of any adjustments other than normal recurring adjustments entering into the determination of the results shown.
